PROFESSIONAL SUMMARY

Computer Science graduate with a strong interest in Data Analytics and currently pursuing a Data Analytics course. Hands-on experience in data analysis, data cleaning, SQL, Excel, and Python-based data analysis. Familiar with Pandas, NumPy, Matplotlib, and Seaborn for working with datasets and creating visual insights. Seeking an entry-level Data Analyst opportunity to apply analytical, problem-solving, and data interpretation skills in a professional environment.

TECHNICAL SKILLS

Data Analysis: Data Cleaning, Exploratory Data Analysis (EDA), Data Visualization
Programming: Python
Libraries: Pandas, NumPy, Matplotlib, Seaborn
Database: SQL
Spreadsheet: Microsoft Excel
Tools: Google Colab, VS Code, GitHub

PROJECTS

Retail Sales Data Analysis

- Performed exploratory data analysis on a retail dataset to understand sales patterns and business trends.
- Cleaned and prepared dataset fields for analysis.
- Used Pandas, NumPy, Matplotlib, and Seaborn for data analysis and visualization.
- Analysed sales, profit, categories, and other business-related attributes.
- Created visualizations to communicate insights from the dataset.

SQL Business Data Analysis

- Worked with structured business datasets using SQL.
- Wrote queries to analyse sales, profit, customers, products, categories, and cities.
- Practiced filtering, grouping, aggregation, sorting, and business-oriented analysis.
- Identified top-performing and low-performing areas using SQL queries.

Excel Data Analysis & Cleaning

- Cleaned and organized datasets using Microsoft Excel.
- Practiced data formatting, filtering, sorting, and handling missing or inconsistent data.
- Prepared datasets for analysis and reporting.

PROFESSIONAL TRAINING

Data Analytics Course — Currently Pursuing at Softronics

- Developing practical skills in Excel, SQL, Python, Pandas, NumPy, and data visualization.
- Practicing data cleaning, exploratory data analysis, and business-oriented analytical tasks.
- Working with datasets to strengthen analytical and problem-solving skills.

CERTIFICATION

Python for Data Analysis
September 2026
Certificate Code: 10759011

EDUCATION

Bachelor of Science (B.Sc.) in Computer Science

Nirmala College of Arts and Science
Calicut University | 2023–2026
CGPA: 6.525

Higher Secondary (Plus Two)

Government Girls Higher Secondary School, Thiruvangad
Percentage: 82%

CAREER INTEREST

Data Analyst | Junior Data Analyst | Business/Data Analytics
